KOEL- EN VRIESBEDRIJF

Dear Sirs/Madam,

I am the owner of company in Holland, a large supplier of frozen fruit and vegetables in Holland.

In 2009 I acquired the company 'Bogaczow Palac Ltd' as a business asset in Poland. Included within the venture was the purchase of a significant property interest in Poland.

As a foreign national, I required a contractor who could provide me with specialized taxation advice in order to find the most effective business solution for the acquisition of this asset by my company in Holland.

I have found Jacek Komsta to be a reliable, hardworking and highly informed company whose excellent service continues to be invaluable to my business. They have maintained excellent contact from the outset and I can always be sure that they are available to respond to all matters, regardless of their scale.

I have absolutely no hesitation in offering my recommendation for Jacek Komsta.

Yours faithfully,

R. de Vries.
